

**THIRD-PARTY MANURE/PROCESS
WASTEWATER AGREEMENT**

North Coast Regional Water Quality Control Board Orders No. R1-2012-0001, R1-2012-0002 and R1-2012-0003 for dairy facilities require written permission for the application of manure and/or process wastewater to land owned by a third-party. This agreement serves as written permission to comply with this requirement.

This agreement is between the Dairy Operator (Supplier) and the Third Party (Recipient) that receives manure and/or process wastewater (lagoon/nutrient water) from the Dairy Operator as identified below. It specifies the terms for which the Dairy Operator will supply manure and/or process wastewater and for which the Third Party will receive and apply the manure and/or process wastewater to the land.

Dairy Operator (Manure and/or Process Wastewater Supplier) Information:

Dairy Operator _____

Facility Name _____

Physical Address _____

Mailing Address _____

Phone Number _____

Third Party (Manure and/or Process Wastewater Recipient) Information:

Receiving Farmer Name _____

Physical Address _____

Mailing Address _____

Phone Number _____

The Dairy Operator agrees to:

Complete a Manure/Process Wastewater Tracking Manifest for each transfer (whether by pipeline, truck, or other means) of manure or process wastewater to the Third Party.

The Third Party agrees to:

Use all manure and/or process wastewater received from the Dairy Operator at agronomic rates appropriate for the crops to be grown. Handle manure and/or process wastewater carefully and in a manner that prevents the discharge of waste to surface water and groundwater. The careful handling must prevent runoff to surface waters of any process wastewater, stormwater or irrigation supply water that has come into contact with manure or is blended with process wastewater.

The Dairy Operator and the Third Party agree to:

Work together to ensure that applications are timely and the delivery system is safe.
